Wes:

Had about an hour meeting with NM Homeland Security Cabinet Secretary, Michael Duval, and NM Environmental Department Cabinet Secretary, David Martin, and Deputy Secretary, Raj Solomon. Meeting went well, they were real happy with our assistance in sampling and ASPECT work. Talked about send letter to Al and Sam. I focused on how well partnership worked and them supporting us with facilities and other infrastructure support.

Matt has about finished up his data stuff/training with data users. He is departing late this afternoon. I am going down to talk with the Weston CHP about data validation and some data question that the NMED rad bureau chief has. I fly out around noon tomorrow.
